

ONE MILL
FOR SCHOOLS

One Mill provides funding for school programs and personnel in Alachua County, including:

Art/music/drama programs

Band/chorus

Career/teach programs
& academic magnets

School counselors

Classroom technology

School librarians

On the November 5th, 2024 ballot, Alachua County voters have an opportunity to make a difference for our public schools by voting YES for the One Mill renewal.

The One Mill, first approved by voters in 2008 and renewed every four years since then, raises about \$23 million annually, helping fund the salaries of over 350 local teachers and supporting all 27,000+ Alachua County Public Schools (ACPS) students. If One Mill doesn't pass, these programs are at risk of being cut.

One Mill will NOT increase your property taxes! That's because it's a renewal, not a new tax. The average cost per homeowner is \$14 per month.

Endorsed & produced by:

**A YES vote for One Mill is a YES for
all Alachua County public schools!**
